Unemployed

## ASHOKA INSTITUTE OF NURSING SCIENCES

It was always our dream, goal and vision to provide higher education in nursing sciences and quality education to everyone at affordable cost and combat the problem of unemployment. Our dream found its realization in the form of Fatwadarshra Institute of Nursing Sciences.

Our Society is playing vital role in plugging the gap between comprehensive Nursing education and delivery of specialized Nursing care service to those in need.

Our mission is to deliver ultra modern Nursing education through extensive research in the field of Nursing care to enrich the meaning of life to one and all under its shelter.

Our Society with all its efforts leaves no stone unturned to make Fatwadarshra Institute of Nursing Sciences one of the best Institutions, with International quality and in part value based Nursing Education to Nursing students, mainly from poor families and develop them to an extent that they can stabilize the financial condition of their family.

We compliment all the members of sangha, faculty members students and public who stood beside and dedicated yeoman service in achieving my goal.
